I understand Century Smile Membership Plan is an exclusive fee for service discount plan. It is not an insurance policy or bound by any state or federal insurance industry regulations. I understand that all discussed fees, for any service, will be presented to me in writing prior to treatment. I understand that there are no refunds of paid membership dues available in the event I leave the practice and I am no longer a patient, AFTER 30 days into my 12 month membership period. I understand that I can receive refund for membership plan, minus any discounts already applied, within first 30 days of signing up. I understand that last minute cancellations or 'no show' fees still apply. In the event of any miscommunication regarding benefits of the membership plan, I agree to discuss the matter openly with the office manager or Dr. Maryam Talaie (owner) to resolve the matter. I understand I will receive exclusive offers and benefits for referring patients to Dr. Maryam Talaie.
